ABOUT ME

Motivated professional transitioning into data analytics with a strong foundation in problem-solving and business operations. Recently trained in Excel , SQL , Python , and Power BI with hands-on projects analyzing datasets and building dashboards. Eager to apply analytical skills and domain knowledge to entry-level data analyst roles, contributing to data-driven decision making.

EDUCATION

2020 - 2024

SRI RAMAKRISHNA INSTITUTE

Bsc Cardiac Technology

Coimbatore

SKILLS

- **Programming ;** Python (Pandas , NumPy , Matplotlib)
- **Database :** MySQL
- **Visualization :** Power BI , Excel Charts
- **Tools :** MS Excel (Pivot Tables , VLOOKUP)
- **Other :** Data cleaning , Data Analysis ,Reporting .

LANGUAGES

- **ENGLISH**
- **TAMIL**

PROJECT

TITLE :

Sales Data Analysis and Reporting
for Retail Chain .

DESCRIPTION :

Analyzed retail sales data to identify trends , customer behaviour and revenue patterns .

Key Responsibilities :

- Cleaned and processed raw data using python (pandas).
- performed data analysis to identify top - selling products and monthly trends .
- Created dashboards using python (matplotlib and seaborn) for visualization .
- we can use also use power BI for better visualization with minimum records .
- Used SQL queries to extract and filter data (MySQL) .
- Generated insights for business decision - making .

Tools Used :

- Excel
- MySQL
- Python

KEY OUTCOMES :

- Identified high - performing product categories .
- Improved reporting efficiency using dashboards .
- Found seasonal sales trends for better planning .
- found the transaction amount according to their response over the years.

CERTIFICATIONS :

- Data Analytics course @ internship studio
- MySQL @ Simpli learn .
- Project @ Internship studio .

INTERNSHIP :

Internship studio - Data Analyst
2 months

- Worked on data cleaning and reporting .
- Assisted in dashboard creation
- Visualized through python (Matplotlib).

SOFT SKILLS :

- Problem - Solving
- Analytical thinking
- Communication
- Attention to detail

DECLARATION :

I hereby declare that the above information is true to the best of my knowledge .
